HISTORY OF GLOUCESTER COUNTY
NEW JERSEY

Old Gloucester County, founded in 1686 and once including within its boundaries the present Atlantic and Camden Counties, is unique in that it is an outstanding agricultural, industrial and residential area. Farming in all of its phases is highly established and developed. The raising of fruit, farm vegetables and poultry; the dairy industry; the breeding of cattle, hogs and other livestock; the existence of modern year-round canneries, quick freezing establishments and nearby markets all go far to make Gloucester County one of the chief food producing sections of our state and of our country.

Hand in hand with agriculture, the County possesses some of the largest industries of the East. Modern plants of small and great proportions steadily employing thousands of our citizens today are contributing in a major way to the prosperity of our municipalities, county, state and nation.

Such a combination of agriculture and industry, together with the location of the County in the metropolitan area of Philadelphia, was bound to result in thriving residential communities. A fine network of improved state and county highways, excellent bus service and generally splendid municipal government have contributed to the development of residential communities without comparison in our state. Gloucester County possesses the finest of schools and places of worship, the finest of local and county service of every kind, and is indeed a happy, healthy place for living.

Dotted with woods and beautiful lakes, traversed by beautiful streams, Old Gloucester County possesses a historical background that places it foremost in our country’s history. Historical shrines abound throughout the County. Major Revolutionary War battlegrounds with original trenches and weapons carefully preserved, distinctive and outstanding early American architecture, exemplified by beautiful old homes of notable patriots, churches and public buildings are generously scattered throughout the County and are a constant inspiration to the citizenry.
Historical Reorganization

1967 marked the beginning of small board type of County Freeholder Government. From 1701 to 1966 County Government was provided by a large Board of Freeholders, the members being elected from the various municipalities of the County. In 1966 there were 23 Freeholders.

Late in 1966 the State Legislature passed a law requiring the few counties of the State still under the large board of operation to change to small board type of Freeholder government and required candidates for the office of Freeholder to run at large in the County.
It is a matter of interest that the County of Gloucester had never adopted an official Seal or Flag in its 274 years of existence until the Board of Freeholders in 1960 – aware of the lack of these official emblems – sponsored a contest among the school children of the County for the purpose of developing an interest in the history of the County and to obtain the children's ideas of an appropriate design for both the Seal and flag.

After the winning designs had been established by a Special Committee of the Gloucester County Historical Society, this Committee pursued the subject further, and after frequent conferences with authorities on heraldry, consultation with expert designers and guidance and advice from officials of Gloucestershire, England, from which area this County took its name, a design for both the official County Seal and County Flag was submitted to the Board of Freeholders for their consideration. On July 21, 1960, the Board approved the design and by unanimous vote adopted it for official County use for both the County Seal and Flag.

The official County Seal is deserving of some explanation. The grated silver helmet, in profile, is indicative of princely status. In the instance of the helmet, the Committee borrowed from the State Seal which shows a grated gold helmet in direct view and which is significant of sovereignty. The County being lesser than the State justifies the arrangement of the helmet in profile and in silver.
THE GREAT SEAL OF THE COUNTY OF GLOUCESTER, NEW JERSEY

Beneath the helmet and in the triangle is a red cross. This is the St. George Cross and is one of the principal symbols in the coat of arms of the Duke of Gloucester – that section of England from which our County took its name. This establishes the relationship of our County and the County of Gloucester in England. It is also indicative of morality.

Beneath the triangle enclosing the cross are two symbols: the anvil, which is indicative of labor and industry for which our County is noted and justly proud, and a shock of wheat or corn, which is indicative of prosperity and agriculture.

Beneath the complete shield of the design is a scroll inscribed “County of Gloucester” with the date “1686” and an engraved circle with the words “The Great Seal of the County of Gloucester, New Jersey.”

The now officially approved flag consists of the above noted seal on a field of buff. The escutcheon is blue with the exception of that section enclosing the cross, which is buff. This color application of the flag is prompted by what is believed to be the colors of the uniforms of Gloucester County’s oldest military unit, dating back to the French-Indian Wars of the 1740’s – The Gloucester County Blues.

The Citizens of Gloucester County are properly proud of their great old County – Past and Present.

The Gloucester County Buildings and Grounds Department provides maintenance, custodial, minor construction and general services to all County department facilities. Services are furnished by County employees under the direction of the County Superintendent of Buildings and Grounds.

The department is also responsible for procuring and overseeing contractual services required for the above. In addition, the department provides administrative services for all major new construction or renovations to existing facilities, as well as serving as the Freeholder liaison for inter-county building projects, i.e. Special Services School District and Rowan College at Gloucester County (RCGC).
The Clerk of the Board’s office is directly responsible to the Board of Freeholders. It serves as a depository for all legal documents, minutes of Freeholder meetings, insurance claims and an inventory of County vehicles. Legal notices and meeting agendas are also prepared by this office.

Rowan College at Gloucester County (formally Gloucester County College) is a publicly supported, co-educational two-year institution, fully accredited by the Middle States Commission on Higher Education. The College offers more than 70 academic programs in business, humanities, allied health, technologies and the sciences. A number of selective admission programs related to the allied-health field are also available. Rowan College maintains a well-rounded cultural, artistic and sports Calendar of events. In addition, the College’s Division of Continuing Education provides numerous educational, career training and personal enrichment courses as well as outreach programs to community residents.

On January 10, 2014, Rowan College signed an agreement entering into a unique partnership with Rowan University. This new partnership—the first-of-its-kind in New Jersey—closely aligns the two institutions to make higher education opportunities more available and affordable to students in South Jersey.
The County Office of Consumer Protection has two divisions, the Division of Consumer Affairs and the Division of Weights and Measures. The Division of Consumer Affairs is responsible for enforcing the New Jersey Consumer Fraud Act N.J.S.A. 56:8-1 et seq. and accompanying regulations, Title 13, Chapter 45A, under the auspices of the New Jersey State Attorney General and the New Jersey Office of Consumer Affairs. The Gloucester County Office of Consumer Affairs receives and investigates complaints against businesses located in Gloucester County. The Consumer Fraud Act covers matters from false advertising to auto sales and auto repairs, store refund policies, pet purchasing and health clubs. The Office of Consumer Affairs can assist with inquiries regarding identity theft and fundraising appeal complaints. Consumer Affairs also investigates non-compliance of the New Jersey Home Improvement Contractors Registration Act, home furnishing deliveries and much more.

The Weights and Measures Division follows state Weights and Measures standards set by N.J.S.A. Title 51. On a daily basis our investigators inspect businesses throughout the county conducting on-site investigations of gasoline stations, roadside food purveyors, oil delivery trucks, pharmacies and large department stores. The office will inspect service stations for proper pricing and octane accuracy. The office also conducts price scanning at local pharmacies and other retail outlets ensuring that consumers are not being charged more than the price that is posted. Investigators of Weights and Measures perform daily inspections and the registration of all public weighing mechanisms. The office also inspects timing devices at laundromats. All devices are inspected and given a seal of approval each calendar year.
The primary purpose of the Department of Corrections is to transport all lawfully detained inmates in an efficient, secure, humane manner and provide safety to the general public, staff members and inmates. The Corrections Transportation Unit will provide 24 hour service, 365 days a year.

**Labor Assistance Program (LAP)** - This program is designed to offer a Court ordered, structured alternative to male and female adult prisoners, which will enable them to maintain employment, provide for their families, continue to be productive members of society and serve a penalty or punitive sanction appropriate to the crime committed.

**Special Investigations Unit** - This unit serves to ensure that the integrity of the Department is maintained through a system of internal discipline where fairness and justice are assured by an objective and impartial investigation and review. The Special Investigations Unit has an obligation to investigate or review any allegation of employee misconduct that is a potential violation of the Departments rules and regulations or which indicates that the employee is unable, unwilling or unfit to perform his or her duties.

**Home Electronic Detention (HED)** - This program is designed to offer a court ordered, structured alternative to incarceration for male and female prisoners and juvenile offenders sentenced to terms of imprisonment. When a Superior Court Judge or Municipal Court Judge believes that an applicant is an eligible candidate for the HED Program, the court may make a referral recommendation to the Warden. Said judicial recommendation will be reviewed by the Warden or designee for final determination. Approved offenders will have an electronic device attached to their ankle to monitor and track their movements. The HED Unit will monitor the offender to verify his/her presence or absence at their residence or other approved location. Offenders will be required to pay a one-time enrollment fee and a weekly maintenance fee.
