## GLOUCESTER COUNTY COMMISSIONERS ADOPT FLAT BUDGET FOR FY 2023

### Board of Commissioners Keeps Commitment by Adopting Flat Budget

At its March 15, 2023 meeting, the Gloucester County Board of County Commissioners approved the County government's budget for Fiscal Year 2023. This balanced budget, first introduced at the Board's meeting on February 11, maintains spending at levels identical to Fiscal Year 2022 with a 7.2 cent county tax rate cut.

The budget includes the following highlights:

- Keeps spending flat at 2022 levels
- Cuts the County Tax Rate by 7.2 cents, a third year in a row
- Eliminated 488 positions since 2008 for a savings of over \$39 million in salary and benefits
- Regionalized correctional services (males, females, and juveniles) over the past decade, which saved over \$35 million dollars a year from the annual budget and over \$245 million dollars since closing our jail facilities
- Maintained our strong infrastructure investment into maintaining our County road system – over \$23 million dollars supported through state aid and federal grants that we secured
- Continued our commitment to affordable education and infrastructure improvements at our County College, County Institute of Technology, and Special Services School District by opening two new academic buildings – (1) Advanced Manufacturing, and (2) Allied Health, which was supported through state and County funds
